Ellie's Cruise Essentials

1 PACKING CUBES

Staying organized on vacation is hard. I know it, you know it, basically, every traveler in the world knows it. Downloading this cruise planner is a great start, but I highly recommend purchasing packing cubes to avoid repacking chaos later on!

2 REUSABLE WATER BOTTLE

When traveling, it is sooo easy to become dehydrated. I always bring a reusable water bottle so I always have safe water on the go. I prefer the Contigo water bottles which are offered in cute colors and are super reliable!

3 PORTABLE CHARGER

A little extra juice for your phone can go a long way when traveling. You never know when your next charge will be. Best to be prepared and bring along a portable charger on your next cruising adventure.

4 SUNGLASSES

My final recommendation is to invest in a good pair of sunglasses. I don't know how many times I have forked over money for semi-decent sunglasses while on vacation. Do some research and pick a cute, reliable pair out beforehand!
