Ellie's Travel Essentials

1

PACKING CUBES

Staying organized on vacation is super hard. I know it, you know it, basically, every traveler in the world knows it. Downloading this packing list is a great start, but purchasing packing cubes will help you avoid repacking chaos later down the road!

2

REUSABLE WATER BOTTLE

When traveling, it is sooo easy to get dehydrated. I always make sure to bring a reusable water bottle so I always have access to safe water on the go. I prefer the Contigo water bottles which are offered in cute colors and are super reliable!

3

PORTABLE CHARGER

A little extra juice for your phone and other electronics can go a long way when traveling. You never know when your next charge will be! Best to be prepared and bring along a portable charger for your next adventure.

4

SUNGLASSES

My final recommendation is to invest in a good pair of sunglasses. I don't know how many times I have forked over money for a semi-decent pair of sunglasses while on vacation. Do some research and pick out a cute, reliable pair before you leave!
